

BRIGGS COLLECTION

Introducing The Briggs Collection – a complete line of hardware and accessories which beautifully combine artisan hand-carved designs with extensive sand-casting expertise. Each piece, made of recycled art-grade bronze, takes its design inspiration from a rich array of stylistic influences – from Moroccan grates to the door knobs of a cathedral built in the 1800s. The versatility of this collection is adaptable to today’s eclectic styles, with each finish bringing a new mood to the design.
